A light and extremely permeable sweatshirt, thanks to ARDON® 3DBreathe material in an attractive mélangé design. ARDON® 3DBreathe dries quickly, and has excellent heat insulation properties combined with great breathability. The sweatshirt has a zipper and a chin cover, practical and spacious zippered side pockets, a zippered chest pocket, an adjustable hood, modern metallic zippers, and the ends of the sleeves and lower hem have a ribbed knit. Parts exposed to greater stress are reinforced with the resistant ARDON® BREEFFIDRY stretch material. A tapered slim fit with shaped sleeves.

This personal protective equipment is in conformity with these harmonized European Standards:

ČSN EN ISO 13688:2013 : Protective clothes - General requirements.

PPE of the simple construction against minimal risk, which can be recognized by the user safely at an early stage.

Self certification has been performed on the base of technical documentation of the PPE and practical exams of the ergonomic features of the PPE by the Ardon Safety s.r.o. company, dated 20th August 2021.

Collection 3DBREATHE meets the requirements for medical harmlessness and is certified according to STANDARD 100 by OEKO-TEX®, certificate no. PG020 198789

Service life depends on the frequency of use and the wear rate under the given conditions. Improper storage and improper maintenance and handling will reduce the service life. The warranty period is 24 months. In no event may the warranty period be confused with a product's service life. Under intense use, the service life may be shorter than the warranty period.

The product contains no substances at concentrations that are known or suspected to have adverse effects on sanitation or a user's health. However, skin irritation may occur with sensitive persons; in this case, the discontinue use of the clothing. Avoid fire and intense heat sources. There are no designated accessories or spare parts for this clothing. When a garment is not being worn, it should be stored in dry and well ventilated places out of direct sunlight. In order to transport, the original packaging should be used. Protect from moisture and extreme temperatures. After use, dispose of in an environmentally friendly manner.
