MATERIAL C	100 % polyester – Oxford
MATERIAL D	65 % polyester, 35 % cotton
GRAMMAGE	250 g/m ²
SIZE	46-64

DESCRIPTION

Workwear bib pants with a knee pocket made of the special Amalytton[®] material, which provides increased strength and durability for cotton fabric while maintaining elasticity and all the benefits of a natural material, such as breathability and a pleasant wearing sensation. The Tabiflex[®] extra durable super elastic material is used on exposed parts. The trousers have a highly ergonomic and functional SLIM FIT cut that accentuates the silhouette, including an anatomically shaped knee design for maximum customization of movement. The knee area is lined with durable waterproof Oxford material and features a kneepad pocket. ADN[®] AdaptBelt technology allows for maximum flexibility and a waist width adjustment. The trousers are equipped with a D-ring for a carabiner, 2 deep hidden pockets, 1 front zipper pocket, 1 front tool pocket with a wide loop, a multifunctional pocket for a folding tape measure, a screwdriver and a pry bar with wide loops on the right leg, a large double pocket covered with a button flap on the left leg, the back part is divided by a saddle and 2 pockets, the right back pocket is covered with a button flap. The bottom leg hem is reinforced with Oxford abrasion protection material. 1 zipper pocket, elastic suspenders with buckle for making easy length adjustments. Higher visibility of the user is ensured by reflective strips placed on the front and back and hi-vis accessories. The trousers allow for easy extension of length by 5 cm.

This personal protective equipment is in conformity with the requirements of the following harmonized standard:

ČSN IN ISO 13688:2013 – Protective clothing – General requirements

The self-certification was carried out on the basis of the technical documentation of the product and practical tests of ergonomic properties of the product by Ardon Safety s.r.o. on 08.11.2023

NUMBER OF PIECES IN CARTON	20 pcs
CARTON WEIGHT	14 kg
CARTON SIZE	0,0508 m ³
UNIT PACKAGING	of 1 pc

The service life depends on the degree of use and the rate of wear in the given conditions. Improper storage conditions, improper maintenance and care shorten the service life. The warranty period is 24 months. In no case should the warranty period be confused with the service life of the product. With intensive use, the service life may be shorter than the warranty provided.

The product does not contain any substances in concentrations that are known or suspected of adversely affecting the hygiene or health of the user. However, skin irritation is not excluded for sensitive people, in which case do not continue to wear clothing. Avoid fire and sources of intense heat.

No accessories or spare parts are intended for these garments. If clothing is not in use, it is recommended to store it in a dry and well-ventilated area away from direct sunlight. Transport preferably in the original packaging, protect from moisture and extreme temperatures. Dispose of ecologically after use.
