MATERIAL B	88 % nylon, 12 % spandex, TABIFLEX [®]
MATERIAL C	65 % polyester, 35 % cotton

GRAMMAGE 250 g/m²

SIZE S – 4XL

DESCRIPTION

A stretch work jacket with functionally inserted parts made of extra durable super elastic Tabiflex[®] material. The special Amalytton[®] material, used to make the work jacket, ensures increased strength and durability of the cotton fabric while maintaining elasticity and providing all the benefits of a natural material, such as breathability and a pleasant wearing. The work jacket with stand-up collar has an anatomically shaped and functional SLIM FIT cut. Functional back panels made of extra-stretchy Tabiflex[®] material contribute to an even better fit when moving. The work jacket has a zipper, is equipped with 1 zipper chest pocket, 1 zipper pocket on the left sleeve, and 2 convenient zipper side pockets; the width of the sleeves and the bottom hem of the jacket is adjustable with fasteners. The upper left part of the jacket is designed to bear a company logo in the form of either printing or embroidery. The back of the jacket has functional ventilation. Higher visibility is ensured by reflective stripes on the front and back and hi-vis accessories.

This personal protective equipment is in conformity with the requirements of the following harmonized standard:

EN ISO 13688:2013 – Protective clothing – General requirements

The self-certification was carried out on the basis of the technical documentation of the product and practical tests of ergonomic properties of the product by Ardon Safety s.r.o. on 08.11.2023

The 4Xstretch[®] collection meets the requirements for health safety and is a holder of **OEKO-TEX[®] Standard 100 certification, PG020 certificate number 128167 OETI.**

NUMBER OF PIECES IN CARTON	20 pcs
CARTON WEIGHT	14 kg
CARTON SIZE	0,0508 m ³
UNIT PACKAGING	1 piece

The service life depends on the degree of use and the rate of wear in the given conditions. Improper storage conditions, improper maintenance and care shorten the service life. The warranty period is 24 months. In no case should the warranty period be confused with the service life of the product. With intensive use, the service life may be shorter than the warranty provided.

The product does not contain any substances in concentrations that are known or suspected of adversely affecting the hygiene or health of the user. However, skin irritation is not excluded for sensitive people, in which case do not continue to wear clothing. Avoid fire and sources of intense heat.

No accessories or spare parts are intended for these garments. If clothing is not in use, it is recommended to store it in a dry and well-ventilated area away from direct sunlight. Transport preferably in the original packaging, protect from moisture and extreme temperatures. Dispose of ecologically after use.
